Reviews

759 Ghrelin and ghrelin/total cholesterol ratio as independent predictors for coronary artery disease: a systematic review and meta-analysis
M Niazi, T Liaqat, M Zarghami, M Akrami, S M Shahnemouli, A Akhondpour, F Moazzen, S Soltanahidi

766 Serum cortisol concentration and COVID-19 severity: a systematic review and meta-analysis
N Amiri-Doshatzadeh, M Kousski, N Parsamanesh, H Chai

Original research

773 Comparison of doses of heparin for venous thromboembolism and bleeding in pregnant women
S Xiao, Y Luo, L Guo, J Zhang, L Mu, Z Ye

780 Relationship between circulating serum omentin-1 levels and nascent metabolic syndrome in patients with hypertension
S Cein Sanhald, G Nar, R Nar

786 Effect of renin-angiotensin system blocker on COVID-19 in young patients with hypertension
M Kusyetemiz, E Tenebeccugu

792 Sequential administration of perimetraced and cisplatin reprograms tumor immune microenvironment and potentiates PD-1/PD-L1 treatment in a lung cancer model
J Yu, Q Zhang, J Li, Z Si, Y Guo, X Xu, K Wu

800 Magnesium intake is associated with the metabolically healthy obese phenotype

805 Influence of cigarette smoking on oral microbiota in patients with recurrent aphthous stomatitis
X Wang, N Luo, Q Mi, W Kong, W Zhang, X Li, Q Gao

814 Cohen’s d and physicians’ opinion on effect size: a questionnaire on anemia treatment
K H Gullekson, F Bona, N Ilhami, E Avsar, N Zayim

820 Critical illness in patients with metastatic cancer: a population-based cohort study of epidemiology and outcomes
I. Oud

829 Acceptability of HIV testing for adolescents and young adults by delivery model: a systematic review
P T Lesikow, V Patel, C Nouryan, J S Cerida

837 Effect of bisphosphonate on hip fracture in patients with osteoporosis or osteopenia according to age: a meta-analysis and systematic review
S Zhao, W Zhao, D Du, C Zhang, T Zhao, L Zheng, L Jin, M Gu, J Xu, Z Yang

844 Investigating the demands for mobile internet-based home nursing services for the elderly
Y Gong, J Zhou, F Ding

Brief report

853 Hepatitis E virus infection in hematopoietic stem cell transplant recipients: a systematic review and meta-analysis
A Trongsrirat, N Chairsatthavej, K Yadav, J Kim, C Thongprayoon, W Cheangpasa, P Hansrivijit
